27 March 2020

Dear Parents and Carers,

Thank you for your support as we navigate through this unusual time. Teachers are currently working to deliver learning through online platforms and hard/paper copies. For some students this is a continuation of their current learning style, for others this will be a new system.

To facilitate learning, whether online or hard copy, teachers will be available online each day between the hours listed below to allow all students to have the opportunity to check in with their class teacher.

10:00am – 12:00pm

Ms Buckley

Ms Robinson

Ms Soondur

1:00pm – 3:00pm

Ms Ahmad

Ms Mittiga

Mr Knight

Teachers may be available at other times during the day, but the above times will be dedicated times each day or teachers to communicate with students and or parents. Teachers will also keep in touch through class Dojo.

Students who do not have access to devices or the internet will be able to talk to their teacher by phone. This may not happen each day due to limited phone lines, but will happen at least weekly.

Teachers have let parents know through the units of work sent home how to send work to the class teacher for feedback if they are not using the internet. It is important that students have breaks during the day and engage in some physical activity. Information about alternate activities and talking with your child about COVID-19 is available on the school website.

Attendance will still be marked during this time. If your child is sick, please let their teacher know through the class Dojo. Students should be engaging in the work sent by the class teacher. Students who are not engaging with the work and whose parent has not contacted the teacher will be marked absent.

These are difficult times, and we are doing our best to ensure students have the opportunity to continue with their learning whilst at the same time keeping them, teachers and the community as safe as possible.

Take care

C. Butler
Principal
